

TRANSFORMERS & CHOKES

Standard range

Transformers with EI core for TS35 (DIN rail) - open

- safety, isolating, autotransformers
- 1-phase 10 VA – 200 VA
- to be used in switch cabinets
- mounted on TS35 rail
- comply with EN61558
- TÜV certified

Transformers with EI core wall mounted - open

- 1-phase, 3-phase
- safety, isolating, autotransformers
- 10 VA – 40 kVA
- comply with EN61558
- TÜV certified

Transformers for heavy environment (IP54)

- safety transformers for 12 V lights (50 W, 100 W, 2x100 W, 300 W, 2x 300 W)
- comply with EN61558
- TÜV certified

Transformers with EI core for TS35 (DIN rail) - potted

- safety, isolating, autotransformers
- 12 VA – 100 VA
- comply with EN61558
- TÜV certified

Transformers for assembling in printed circuit boards - open

- 0,33 VA to 200 VA
- EI, UI
- comply with EN61558

Transformers for assembling in printed circuit boards - potted

- 0,33 VA to 200 VA
- EI, UI
- comply with EN61558

Custom-made products

Open transformers

- safety, isolating, autotransformers
- 10 VA – 40 kVA
- 1-phase
- 3-phase
- also available in metal boxes

HF transformers & chokes

- classical and SMD assembling on PCB
- E (EF), ELP, EQ, ER
- RM, PM
- EP, EPX, EPO
- pot cores
- EFD, ETD
- U, UI
- toroidal cores

Potted transformers

- with terminals
- with custom specific cables
- with custom specific flying leads
- 10 VA – 500 VA

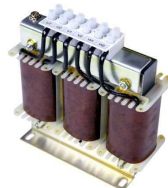

Ring core transformers

- open
- potted in the middle
- potted in housing
- 10 VA – 5000 VA

Chokes

- 1-phase
- 3-phase
- iron core
- ferrite core

Power supplies and others

- power supplies – transformers with rectifier and electronics
- solenoids
- air coils and coils
- wound parts
